2024 UNIFORM POLICY

RATIONALE

The purpose of this Uniform Policy is to provide students, parents and staff with the specific requirements of the College uniform across our different year levels. It is the responsibility of parents to provide a uniform for their child.

THE WHY FACTOR

Our uniform is an important part of our College identity. We all represent the College community, students and staff, and as ambassadors of Caloundra Christian

College, the way we conduct ourselves and dress speaks to who we are and the standards we hold. Wearing the College uniform correctly also helps us to develop habits needed in life.

Throughout our lives there may be many different situations where we will be required to dress to a standard. This may involve a career where uniforms are expected or a safety dress code required for work. Wearing the College uniform appropriately demonstrates a deeper level of social skills like self-control, resilience and an ability to follow directives and also eliminates the fashion-related peer pressure that can occur amongst children and teenagers.

ALL OR NOTHING

When coming to school or leaving school or going anywhere in your uniform, you are representing Caloundra Christian College and therefore you need to wear it fully to the standard outlined below. Wearing only part of the uniform or wearing it incorrectly is not permitted.

We all represent the College community, students and staff, and as ambassadors of Caloundra Christian College, the way we conduct ourselves and dress speaks to who we are and the standards we hold.

ALL IN UNIFORM ALL THE TIME

- The College maintains a policy of correct uniform worn by all students, all the time. Teachers will carry out regular uniform checks and, if students are found to be wearing an incorrect aspect of the uniform, they will be sent to the uniform borrowing service in the RTC immediately to have the uniform corrected
- Where possible, the uniform may be corrected by the College providing the required item for loan
- If items are not returned, the cost may be charged to the parent
- If the required uniform is not available to borrow, the College may provide the following three options:
 - The item is purchased from the uniform shop by the student;
 - The correct uniform is brought to school by a parent/carer for the student to change into; or
 - The student is sent home until correctly dressed in College uniform.

If our records show a student has borrowed items of clothing numerous times, parents will be contacted to discuss the College expectations. It is a condition of enrolment that students adhere to the Uniform Policy.

LABEL IT

Students and parents/carers are strongly advised to name all items of the College uniform.
